

## Notes from meeting Jan 11, 2012

Councilman Hoang (District F) newly elected was introduced and brought greetings and general ideas about his vision of our city and his job.

Councilman Oliver Pennington (District G) presented his report on drainage, rebuild Houston, SNAP, and general activities related to his position.

### A. Committee reports

1. Security (Bob Sumicek) - generally crime is down, more to follow next month.  
We are looking for the new captain to come present to our group as a guest.
2. SNAP/Infrastructure (Judy Thompson) – items will be delivered to the City by Friday 5 p.m.
3. Beautification (Diane Guillerman) – graffiti up a small bit, but homeless at Burlington is biggest issue. Suggestions made to each of us to write to Burlington and their corporate office to have them as a good neighbor to report and let police rid us of this problem area.
4. Flooding and Drainage Committee (Billie Long)- streets were flooded with Monday rains as we should expect. Streets flood as designed to prevent home flooding. There are some plans charting buffalo in the idea and planning stage to add 1300 acre feet of detention. Many rumors are been circulating. Most are false. There is no money at this time for action so nothing beyond planning is slated at this time.
5. Legislative: none- Doug was absent
6. Speakers Committee (Maria Galiotos) – none at this time

### I. New Business

- A. Announcements: Set a January 2012 date for Annual Meeting & Election of officers (VP & Treasure). Please notify Doug Parrish if you are interested in running for an office.

### B. Adjourn

Next Meeting – Wednesday February 8, 2012 – at 7:00 pm (AC Classroom of Eagle's Trace Retirement Community)
